STARTING

Every year SHAON84 publishes Annual Report stating detail of activity performed throughout the whole year. For last few years, it's not been possible for various reasons. However, at the eve of 10th Anniversary of SHAON84, this report is going to open for public reading. The data representing here are majorly sourced from Google Analytics, starting from 10 October 2010 to 8 April 2013. Before 10 October 2010, the site didn't had detail site stats and that's why despite of being a 10 years old website, SHAO84 is not publishing data from even more earlier than that specified time.
